“Designs for your way of life!”

Canadian Home Designers serving Niagara, Ontario, and all of Canada.

Nauta Home Designs was established in 1990, providing award winning custom home designs for home owners and builders.

Our variety of talent and experience ranges from sunroom additions to luxurious dream homes, always assuring the finest in design.

Combining our design talent with our construction experience allows for a smooth transition from concept to completion.

Since 1990, over 1,700 families have made their home with us.

What is your dream home?

Everyone envisions what their dream home should be. We just make it a reality!

With creative ideas and intelligent solutions, we help you to realize your dreams.

What is your lifestyle?

Everyone’s home should always enhance their lifestyle. We design the little things that make it special.

We understand different lifestyles and change. A well designed home always allows for both.

Explore the possibilities!

There are many ways a home can be designed. We just want to make sure you can explore them all.

Design options are drafted in accurate detail. Intelligent decisions give you the confidence to build.

It’s about you, your family... your lifestyle!
